

---

MedSurgPI is pleased to welcome [Michael Cynamon, M.D.](#) an infectious disease specialist, as an affiliate member of its organization. Michael graduated magna cum laude from Brooklyn College and attended Yale University School of Medicine. He trained in internal medicine at Barnes Hospital and completed a Fellowship in Infectious Diseases at Washington University School of Medicine, Saint Louis. Michael is a Professor of Medicine at SUNY.

His research focuses on antimicrobial chemotherapy, particularly new agents and regimens for the treatment of mycobacterial infections. His laboratory has extensive experience in the *in vitro* and *in vivo* evaluation of anti-infective agents. Michael has worked with academic researchers and small pharma to develop new chemotherapeutic agents.

Outside of work, his interests include travel and reading.
